VERY PRIVATE  
DIARY  
BY CINDERELLA  
(A.K.A. OLIVIA VOSBURGH)**

# Cinderella

I love writing in my journal about my awful family. I am always cleaning my family's stuff every day. They me make me clean their room everyday. There are snacks in there. They make me pick up their clothes everyday.

## Step-Sisters

They are so ugly that they can break 1,110,000,000 windows. They are fat and ugly. I mean it! I never want to look at them anymore. They are mean, really mean.

# Prince

The Prince is nice. I mean very, very nice. I wish that I knew him better. Then I would call him. I wonder who he will marry. I wish he'd marry me. He is so very kind.

## Step-Mother

My step-mother is so ugly that she can break 10,978 mirrors at one time. She's so beautiful. Just kidding! She is really not. She is mean to me. I mean really mean and not nice!

# Felix

On February 11, 1995, I was cleaning my room. I went downstairs and saw a little mouse. He was so scared. I decided to make him my pet, and named him Felix. He is brown, and always wears a green shirt. Felix has other friends, too.
