Cindee's Diary

Hi. I live with my two ugly step-sisters and my ugly step-mother. They always make me dust and clean the house. It seems like the list will never end. I've never even been outside before.

Step-Sisters

My ugly step-sisters are disgusting. They eat like wild boars. Doapy is so fat. She always breaks her favorite dress. Doodles is so fat, too. She always breaks her favorite pants.

The Prince

I have a giant crush on the Prince. I love the way he dresses and the way he does his hair. I wonder if he'd ever dance with me?

Felix

Felix is my pet and he's a mouse. I always know when he is in my step-sisters room because I can hear them scream. I love my pet Felix more than anything. He has a friend, too.

Lucifer

Lucifer is my ugly step-mother's mean cat. I hate Lucifer because when I'm cleaning the floor, he gets muddy paw prints all over it. I wish I could throw that cat out the window.
