JOURNAL

Cindy

I'm Cindy and I love to write in my journal. I have so much to write about like my ugly family. They make me clean up after them and sometimes I'm scared. Who knows where they have been!

Step-Sisters

My step sisters are best friends. They think that they are the princesses of being cute. I think they could pass as the ugly sisters! To top it off, all of them and their clothes smell!

Step-Mother

My step-mother's face is so ugly. I think her thing is to wear the ugliest clothes in the world and the ugliest makeup, too. She tortures me! She tries to make me wear ugly clothes like her. She could break 7 windows with her ugliness!

Prince

Okay, secretly I have had a crush on him. Even though he doesn't notice me, he is so cute and nice. The prince is so handsome. All the girls in the kingdom have a crush on him.

Felix

One day while I was cleaning, I heard a noise and I looked down. There was Felix. Ever since he's been my best friend! Felix is always nice to me.
